St. Joseph's School is a private English Medium School established and conducted by the Catholic Diocese of Bhagalpur for the education of boys and girls up to High school level.

It is open to all without distinction of caste or creed. The purpose of the institution is to impart to its pupils a sound moral, intellectual and physical education, to train them to be useful and loyal citizens of India and help them to become the agents of needed social changes in the country during the years of their studies. The ICSE Section (Class X) prepares the students for the Indian Certificate of Secondary Education Examination of the Council for the Indian School Certificate Examination, New Delhi.

Realizing that the education is an all round development of the pupil, the institution constantly endeavors to direct to this end all curricular studies and co-curricular activities with special emphasis on discipline, formation of character and self- reliance. The medium of instruction is English but special emphasis is given to Hindi the National Language. Moral instruction which is essential for character formation is imparted to all pupils.

Remember that we have been created in order to love and serve God, our Creator and that all learning and wealth in this world amount to nothing without the fear of God on which our temporal and eternal welfare depends.
